

First Floor

The 1,200 sqm First Floor features a grand, inviting entrance lobby and reception area, enhanced by comfortable, fixed seating arrangements. A central corridor guides residents to the core services, including modern elevators and stairs. This level provides sixteen premium residences: eleven cleverly designed 30 sqm studio units and five spacious 55 sqm one-bedroom apartments, all prioritizing comfort and a refined living experience within an efficiently managed community.

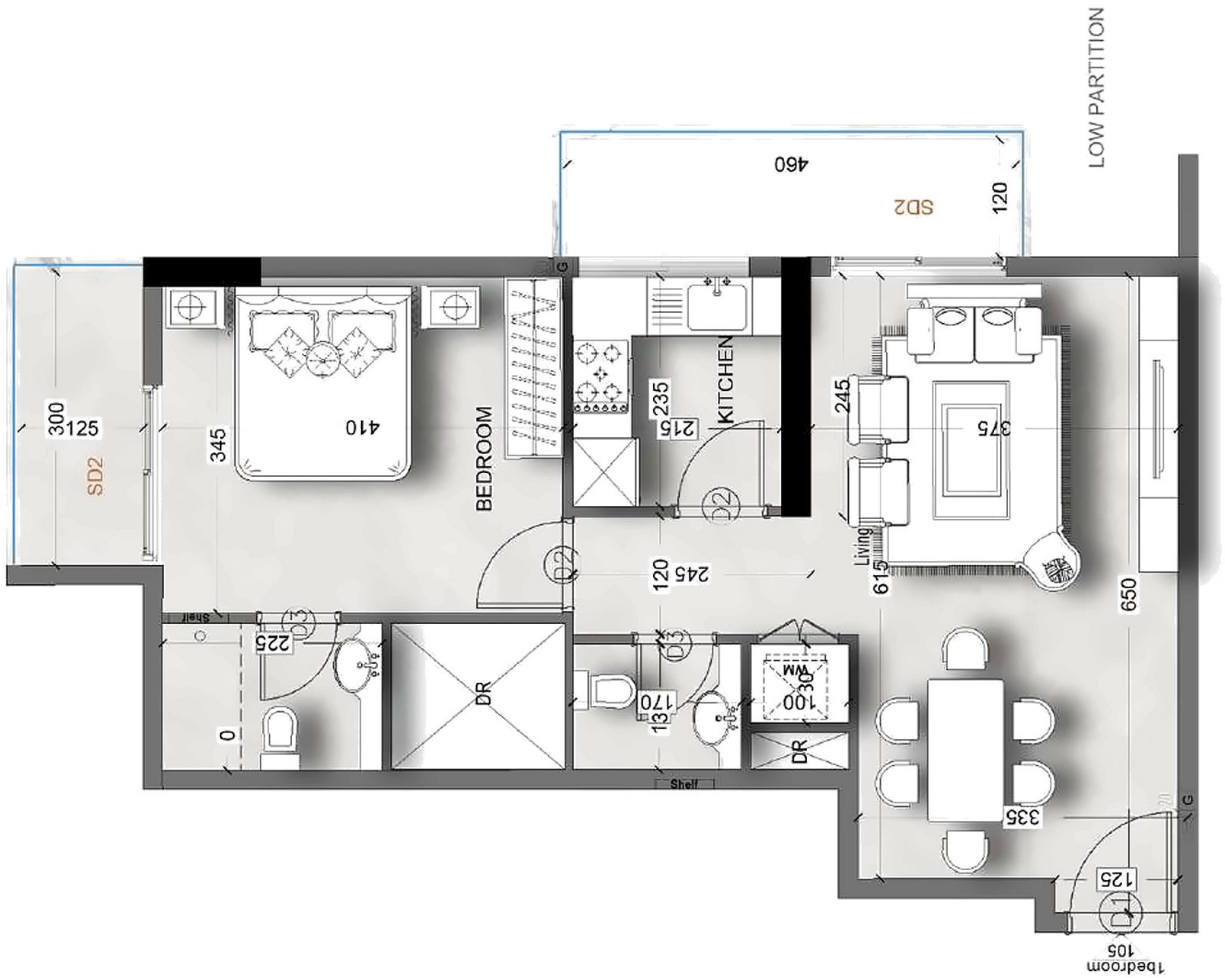

Typical Floor

The Typical Floor spans 1,200 sqm, offering a maximized layout centered around resident convenience and quality of life. This level includes eighteen total units accessible via the central service core. The thoughtful mix comprises eleven comfortable 30 sqm studio apartments and seven luxurious 55 sqm one-bedroom residences. This configuration ensures versatility and a consistent standard of premium living, utilizing intelligent design in every square meter for superior resident satisfaction.

Roof Floor

Recognizing the rooftop as the building's essential fifth facade, it is utilized as a premier recreational amenity for all residents. The space features 700 sqm of dedicated, segregated male and female gym facilities plus services. Additionally, 300 sqm is reserved for a stunning pool, lounge seating, and lush planting with panoramic views.

PODIUM
1ST-2ND FLOOR

Our investment includes a massive, functional parking structure across four levels: three dedicated podium floors and a basement. This ensures premium convenience for all residents. Each floor accommodates over 60 vehicles, resulting in a total capacity exceeding 300 secure parking spaces for this luxurious development.
