A SANCTUARY IN THE CITY

Moments from Downtown Dubai, The Winslow offers a rare sense of ease in the prime Meydan Horizon community. Life here feels connected, close to the places that matter, yet gently protected from the fast pace of the urban core.

Surrounded by emerging residential communities and open horizons, Meydan is evolving into a distinct address—one that places accessibility with breathing space. A setting shaped as much by calm as by growth and momentum.

Perfectly placed, The Winslow supports a lifestyle where the city remains in reach and where energy and stillness can coexist.

THE PLACE TO BE

From The Winslow, movement across Dubai feels intuitive and effortless. Direct access to major highways connects residents quickly

to key commercial, cultural, and lifestyle destinations—removing the friction of daily commutes.

BEYOND LOCATION

Just beyond the urban landscape lies the protected wetlands of the Ras Al Khor Wildlife Sanctuary. A rare natural horizon that affords residents moments of pause, perspective, and openness—set against the city skyline.
