TASHKENT, UZBEKISTAN

A GRAND ARRIVAL

Arched entrances and tall windows establish the stately proportions of the homes. Symmetrical façades, balustraded balconies and decorative cornices give the architecture a sense of order and formality, framed by landscaped gardens.

ITALIAN HERITAGE

Founded in 1985, Jumbo Collection creates furniture and interiors inspired by Europe's historic residences. Hand-carving, intricate inlays and gilded finishes carry this tradition into each piece, with craftsmanship evident in even the smallest details.

MIRA GOLF ESTATES

THE PLEASURE OF HOSTING

Generous dining spaces and room for overnight guests make entertaining a pleasure. Set the table for a special dinner, let the conversation continue into the evening and invite your guests to make a weekend of it.

MIRA GOLF ESTATES

FIVE-BEDROOM VILLAS

The villas offer the ease of a fully furnished home, complete with staff accommodation and a garage. Begin the morning with a swim, take breakfast outside and enjoy the independence of your own residence within Mira Golf Estates.

MIRA GOLF ESTATES

FIVE-BEDROOM MANSIONS

The mansions offer expansive interiors for family life and entertaining. A choice of generous private plots gives each home the scale and presence of a personal estate.

A NEW FORMAT FOR A GROWING MARKET

Branded residences remain relatively new to Uzbekistan. Mira Golf Estates takes the concept to a new scale: multiple branded residential collections, championship golf, five-star hospitality, wellness, education, retail and leisure brought together within one destination — a new residential format for Tashkent.
