JERSEY DEVELOPMENT

Established in 2002, Jersey Real Estate Development LLC is a pioneer developer with Registration No. 234. They are Dubai-based property developer owned by a UAE national with over 40 years of management experience. The company has developed a diverse portfolio of small- and mid-sized residential and commercial projects across key areas including Mirdif, Al Nahda, Al Barsha, Al Furjan, and Arjan. Jersey has plans to develop projects in Dubai South, Majan, Liwan, and Dubai Industrial City.

Focused on meeting Dubai's growing demand for quality properties, Jersey Real Estate Development delivers thoughtfully designed, sustainable spaces that balance comfort, functionality, and long-term investment value. Its expertise spans the entire development lifecycle—from land acquisition and design to construction and project management—ensuring consistent quality and lasting customer satisfaction.

Where Life Finds Its Roots.

In a city constantly evolving, Al Ghaf 2 offers a rare kind of calm a sanctuary shaped by gardens, soft light, and the quiet strength of the Ghaf tree.

Rooted in nature and crafted with intention, it is a community where comfort, clarity, and belonging become part of everyday life.

Here, life doesn't rush. It settles... and grows with purpose.

The City That Rises, A Future That Unfolds.

Dubai is a global hub of opportunity, driven by innovation, security, and steady growth.

With Al Furjan, Al Maktoum International Airport, and Palm Jebel Ali shaping the south, a new investment frontier is emerging.

Al Ghaf 2 is positioned at the heart of this growth, where a strong present meets a stronger future.
