

It's not a mirage, it's Arsenal in Dubai

An offer for luxury property professionals in a top
location of Dubai

Nice to meet you!

Arsenal

Experienced developer expanding living space beyond apartments. Working with the context of location, development of territories, and the absence of standard projects are in our DNA. We are a developer of non-standard solutions which are in high demand on the market.

Developer of non-standard solutions

Be at the forefront

Every project we have implemented was initially a challenge and an experiment, but has eventually become a benchmark. Our drive and desire to fill the property with a variety of experiences, life scenarios and to execute everything at the highest level helped us achieve our goals.

- Functionality of buildings
- Safe environment and developed infrastructure
- Modern technologies
- High aesthetics

Developer of non-standard solutions

To change the ordinary

The habits and tastes of city dwellers are changing. In turn, we are changing the apartment layouts, anticipating their wishes and saving effort and money on customizing the space 'for themselves.'

- Bathrooms with window and saunas
- Large living rooms with kitchen areas
- Cloakrooms and laundry rooms
- Apartments with scenic terraces

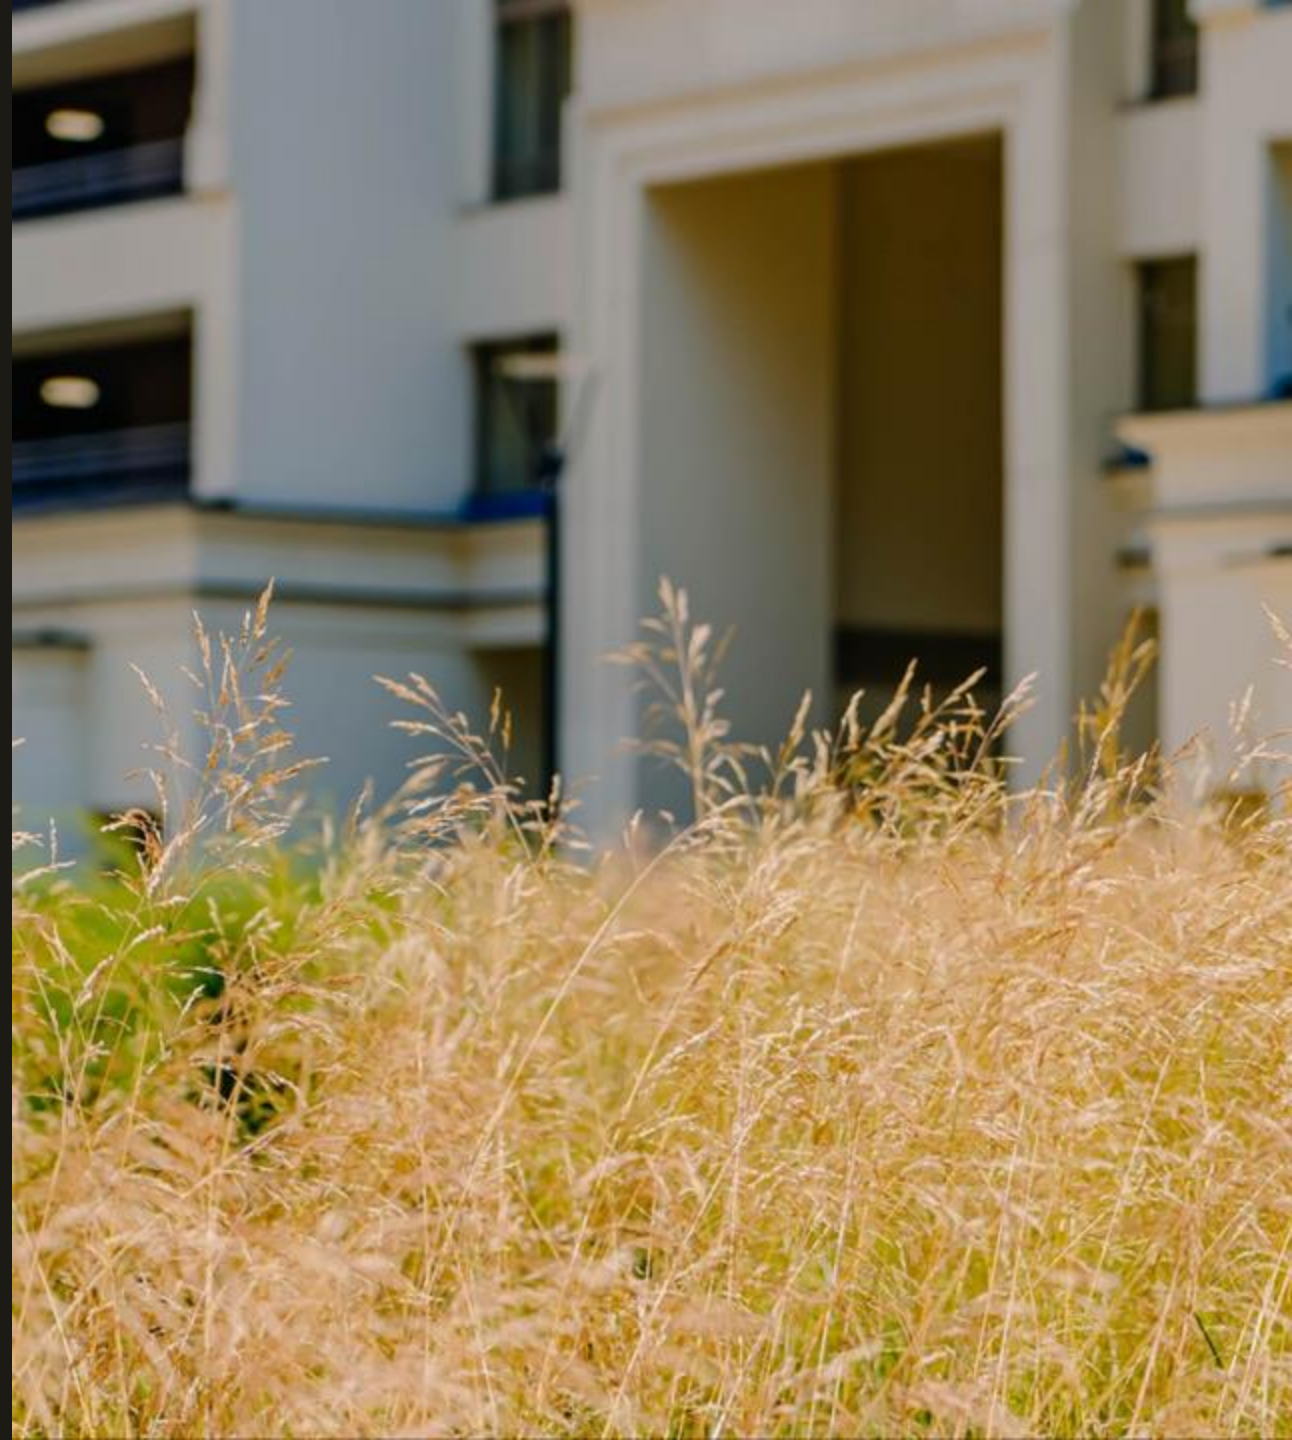

Developer of non-standard solutions

Our mastery and landscape diversity

Going beyond the living spaces and common facilities, we create a natural environment, working in the context of the landscape, climate zones and the ability to maintain it. The synthesis of nature, leisure environment and home quality creates a qualitatively new experience and the noosphere of the area.

- Proximity to nature reserves
- Landscape design with herbs
- Green yards

Arsenal
EAST

It's time to take a wider view

With each new project, we raise the bar for ourselves and the entire market. We have acquired extensive experience in international development. And our next challenge is to enter the MENA region. Meet Arsenal East!
