TAM, GDZIE DOM STAJE SIĘ WSPOMNIENIEM

At Olive Farms, life follows the same natural rhythm as the olive tree,

SLOW,
SUNLIT,
ENDURING.

Olive trees flourish under abundant sunshine, embracing long, warm summers.

Our villas are shaped with the same philosophy: open layouts, sun-washed interiors, and generous outdoor spaces that welcome golden light throughout the day.

This isn't just a villa.
It is a home grounded in the wisdom of the olive tree, filled with sunlight, shaped by nature, and made for togetherness.

Life at Olive Farms is built around the moments that matter. Unhurried mornings, shared meals, laughter echoing through the garden, and quiet evenings spent together without distraction.

Children explore freely.
Parents unwind.

Grandparents join weekends.
Friends visit often.

Olive Farms brings families together.

Creating a rhythm of life that feels softer, closer, and beautifully connected.

SUNSET VIEWS, OPEN HORIZONS & DAYS SPENT OUTDOORS

Oman's coastline is defined by dramatic rock formations, ancient cliffs and sweeping contours shaped by centuries of wind and sea. Jebel Sifah rises from this natural architecture — a landscape carved into layers of stone, light and coastline. The result is a destination with a character of its own: bold, sculpted, and unmistakably Omani, where every view opens into an expansive horizon.

JEBEL SIFAH

Situated on the northern coast of Oman, Jebel Sifah lies less than an hour from the vibrant city of Muscat, offering the perfect balance between convenience and escape. Nestled between almost 6 km of natural coastline and the dramatic Al Hajar Mountains, the destination unfolds across a 6.2 million sqm master development that blends sea, nature and community into one exceptional coastal experience.

Anchored by a 117-berth marina, a 9-hole PGA Harradine signature golf course, boutique hotels, dining, beach clubs and year-round leisure amenities, Jebel Sifah has grown into one of Oman's most established resort communities — home to 1,500+ residents from 20+ nationalities. It is a destination designed for everyday living, weekend escapes and long-term coastal comfort.
