ABOUT ADVANCED PROPERTIES

Advanced Properties is a real estate development company based in Abu Dhabi, founded by experienced professionals with a background in construction and real estate. The company builds on years of hands-on experience gained through multiple projects delivered across different areas of Abu Dhabi.

Today, Advanced Properties focuses on delivering well-considered residential developments that balance design quality, functionality, and long-term value. Working closely with affiliated companies, the team adopts a flexible and agile approach across all stages of development.

With multiple projects underway in key locations, including Yas Island, Al Raha, Masdar City, and Reem Island, Advanced Properties continues to expand its portfolio with a clear focus on quality, reliability, and careful execution.

ABU DHABI

A CITY DESIGNED FOR LONG-TERM LIVING

Abu Dhabi has emerged as the region's most desirable city for residential living and investment. Known for its stability, safety, quality of life, and exceptional urban planning, the capital offers a balanced environment that supports both modern lifestyles and sustainable growth.

With well-developed infrastructure, waterfront communities, and a strong focus on liveability, Abu Dhabi continues to attract residents and investors seeking quality homes in established, well-connected neighborhoods built for lasting stability.

LIFE IN AL RAHA

Al Raha is a modern waterfront community that has been carefully planned since 2005. Known for its calm atmosphere and high-quality urban planning, the area offers a lifestyle shaped around everyday comfort, featuring schools, cafés, restaurants, walking paths, and marinas within a safe, community-focused environment.

A MODERN WATERFRONT COMMUNITY
BUILT FOR QUALITY LIVING.

WHAT SETS AL RAHA APART IS ITS BALANCE.

Open spaces and a waterfront setting create a sense of ease, while the neighbourhood remains practical and well connected to the wider city. It's an area that appeals to families and professionals alike, offering a high-quality living experience that feels settled, spacious, and intentionally balanced.

PEARL BEACH VIEW

The name Pearl Beach View is inspired by its setting on Lu'luat Al Raha Island, facing a beautiful sandy shoreline. Rooted in place, it reflects a coastal address shaped by water, openness, and a calm beachfront rhythm.

A NAME DRAWN FROM ITS SURROUNDINGS...

CONNECTED TO WHAT MATTERS.

Set within Abu Dhabi, Pearl Beach View enjoys a location that keeps residents close to work, travel, and everyday destinations, without giving up the calm of waterfront living.

LIFE BY THE WATER.

Living at Pearl Beach View means having the shoreline as part of everyday life. With beach access just a short walk away, residents enjoy easy access to a shoreline that is open, welcoming, and shared as part of the wider waterfront community. It encourages slower mornings, open-air walks, and moments of calm woven naturally into the day.

The beachfront environment brings light, openness, and a sense of ease, offering a coastal lifestyle that feels relaxed and grounded, without being remote or detached from the city.

DESIGNED WITH
LIGHT AND SPACE IN MIND.

Pearl Beach View is defined by a modern, minimalist architectural language that prioritizes clarity, proportion, and openness. Clean lines, thoughtful massing, and carefully placed openings allow the building to sit naturally within its coastal setting.

The design emphasizes light, height, and openness, creating homes with high ceilings and floor-to-ceiling windows that allow light and views to become part of the living experience. Select residences are oriented toward the sea, reinforcing a strong visual connection to the surrounding waterfront.
