THE UAE & DUBAI

A Thriving Hub of Opportunities

The UAE has long attracted people from across the globe, and it's no wonder. It's safe, stable, has good relationships with the rest of the world, has solid economic foundations, and has protection for investors. The government has proven how it can overcome challenges and has even established appealing visa policies, making it easy for people to live and work here. But what makes the UAE especially incredible is its real vision for the future and its commitment to progress and dedication to creating high standards of living. Dubai, in particular, is a thriving crossroad of culture, business, and tourism. This has made Dubai a booming and competitive property market that guarantees superior rental yields and high returns on investment. It's an ideal destination for both rental income and resale value, and a perfect place to call home. Dubai seamlessly combines luxury and convenience, offering its citizens and residents a world-class lifestyle.

Architecture That Inspires

The design of Mirdad combines bold aesthetics with everyday livability, emphasizing form, function, and flow:

The Central Plaza

A unique detached podium concept ensures:

- Safe, pedestrian-prioritized walkways
- Designated valet and drop-off zones for ease of access
- Lively ground-floor retail, wellness, and caf spaces

Façade Design Philosophy

Rooted in simplicity, sophistication, and sustainability, the façade strategy ensures timeless elegance:

- Clean-lined, modern forms with minimal curvature
- Highlighted activity zones using curtain wall systems within the central plaza
- Tiered building heights offer both depth and distinction
- High performing façade to reduce cooling requirement in the building

A NEW ERA OF REFINED, SUSTAINABLE LIVING

Embodying a vision of sustainability and community-centered design, Mirdad by UP redefines affordable luxury within Motor City, offering a sophisticated urban lifestyle. At its heart are four residential towers, each planned to enhance urban living. These towers rise elegantly, featuring a highest of 38 floors of premium residences and supported by two parking basements, ensuring convenience and accessibility for all residents and visitors.
