HERITAGE COLLECTION

Dubai Islands

The Dubai Islands, a tropical paradise within the city's urban landscape, will feature five luxury resort islands. Part of Dubai's 2040 vision, it offers waterfront living with 60 km of coastline, 20 km of beaches, and premium golf courses.

Designed for sophistication, residences boast floor-to-ceiling windows, expansive balconies, and modern architecture for privacy and panoramic views. The Central Island, the largest, houses Deira Mall and spans 17 square kilometers.

Dubai Islands will be a premier hub for luxury living, further solidifying Dubai's global status.
