SUCCESS STORY

Since establishing its UAE operations in 1995 under the leadership of Mr Kamran Ghani, Ghani Holdings has advanced from a focused enterprise into a multi-sector group with enduring commercial reach. Its activities span import and export, tourism, hospitality, automobile trading, and real estate, supported by disciplined governance, strong client stewardship, and financial management. The formation of Plazzo Development Real Estate LLC in 2016 marked a decisive step in strengthening the Group's property platform. Today, Ghani Holdings oversees a growing portfolio of successful companies, including Empire Development and other ventures, operating as an integrated group managing investments, subsidiaries, and trading interests. The organisation continues to expand through clear direction, considered design thinking, and long-term commercial purpose, establishing a credible international presence within the corporate arena.
