Wellness & Balance

Tranquil green pockets, serene walking paths, and thoughtfully planned recreation zones invite you to unwind and recharge.

An architectural rendering of a modern building courtyard. The building features curved, white balconies and dark, vertical window slats. The courtyard is paved with light-colored wood decking and is populated with several tall palm trees and lush greenery. In the center, there is an outdoor seating area with white umbrellas and wooden chairs. A man in a grey shirt is sitting on a low wooden bench in the foreground. A woman in a red jacket is walking on the left. A man in a white thobe and ghutra is walking in the center. A woman in a black abaya is walking on the right. In the background, there is a glass-fronted building with the words "STEAK HOUSE" and "PIZZA" visible. The sky is clear and blue.
